

Now the students of Punjab Agricultural University, Ludhiana also feel proud in reaching out to the needy and downtrodden for providing them education.

“Let’s bring their lost spring back with the books on their rack”.

My name is Lovepreet Singh. I am student of college of agriculture. I am organizer of **EDUFRIENDS** group. We are here to educate those people who are not able to get education with money. We build our little classroom in PAU campus. Every weekend, there is a class in open lawn (4-5pm).
